MANAGEMENT DISCUSSION & ANALYSIS

The business operations of the Company comprise only of Pharmaceuticals.

Since the Company is going to operate in pharmaceutical segment in 2015-16, the following paragraphs speak on single segment only.

INDUSTRY STRUCTURE & DEVELOPMENT

The Indian Pharmaceutical industry has been witnessing phenomenal growth in recent years, driven by rising consumption levels in the country and strong demand from export markets. The industry has seen tremendous progress in terms of infrastructure development, technology base and the wide range of products manufactured. Demand from the exports market has been growing rapidly due to the capability of Indian players to produce cost-effective drugs with world class manufacturing facilities. Pharma companies have developed Good Manufacturing Practices (GMP) compliant facilities for the production of different dosage forms.

A highly fragmented industry, the Indian pharmaceutical industry is estimated to have over 10,000 manufacturing units, as given by the Organization of Pharmaceutical Producers of India. The organized sector accounts for just 5% of the industry with around 300 players, while a huge 95% is in the unorganized sector. A large number of players in the unorganized segment are small and medium enterprises and this segment contributes 35% of the industry's turnover.

OPPORTUNITIES AND OUTLOOK

The changing global pharmaceutical industry has transformed prospects of Indian pharmaceutical companies. The leading pharma companies in India have been actively extending the frontiers of scientific knowledge and going global through mergers and acquisitions.

Consolidation is inevitable and is expected to bring in economies of scale and provide access to newer geographies to regional players.

RISK & CONCERNS

Increasing span of price control

The price control cover impact the industry margin significantly, especially those players having only local operations. However, to secure the profitability, firms will have to increase their scale of production.

Price erosion in generics

Indian generics market is witnessing a margin pressure in most of the product categories due to two main reasons:

- The stiff competition among domestic players.
- The expansion of capacities by certain leading players has also fuelled competition in certain product categories, which restricts margins of the smaller players.

Low R&D productivity

The introduction of new molecules by Indian players has been limited. It is, in fact, a hit-and-miss situation in the field of discovery and developments of new chemical entity (NCEs), where misses are more than hits. Very few discoveries reach the final stages of approvals, and in most of the cases, the claim for patent gets stuck in legal battles.

FINANCIAL PERFORMANCE

Net Revenue from Combined Operations of Pharmaceuticals and Metal divisions for the year ended March 31, 2015 was at Rs 26.48 Crores representing a decline of 8.22 per cent over the previous year.

Profit before tax for the year was at Rs0.29 Crores representing a decline of 14.71 per cent over the previous year. The contribution in profits is mainly due to operations of Pharmaceutical division.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company maintains appropriate systems of internal control, including monitoring procedures, to ensure that all assets are safeguarded against loss from unauthorized use or disposition. Company policies, guidelines and procedures provide for adequate checks and balances and are meant to ensure that all transactions are authorised, recorded and reported correctly.

The internal audit department together with a firm of Chartered Accountants reviews the effectiveness and efficiency of these systems and procedures to ensure that all assets are protected against loss and that the financial and operational information is accurate and complete in all respects. The Audit Committee approves and reviews audit plans for the year based on internal risk assessment. Audits are conducted on an ongoing basis and significant deviations are brought to the notice of the Audit Committee of the Board following which corrective action is recommended for implementation. All these measures facilitate timely detection of any irregularities and early remedial steps with no monetary loss

INDEPENDENT AUDITORS' REPORT

To the Members of
Gujarat Terce Laboratories Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Gujarat Terce Laboratories Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss and Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating for ensuring accuracy and completeness of the accounting records relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2015;

Notes forming part of the financial statements

Note Particulars

1 SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

1.1 Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

1.2 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

1.3 Revenue recognition

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sales include excise duty but exclude sales tax and value added tax. Interest income is accounted on accrual basis.

1.4 Expenditure

Expenses are accounted on accrual basis and provision is made for all known losses and liabilities.

1.5 Fixed assets

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

1.6 Investments

Investments are classified as long term investments. It is carried at cost. Provision for diminution in value of long term investment is made on each investment individually only if such decline is other than temporary.

1.7 Inventories

Inventories are valued as under Raw Material: At Cost Stock in Process: At estimated Cost Finished Goods: At cost or realizable value whichever is less Stores, Spares & other items: At Cost

1.8 Raw Material is accounted net of Excise Duty.

1.9 Cash and cash equivalents.

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition).

1.10 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash

GUJARAT TERCE LABORATORIES LTD.

receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.11 Depreciation

Depreciation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

1.12 Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised only if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets, if any.

1.13 Excise Duty / Service Tax and Sales Tax / Value Added Tax

Excise duty on Finished Goods is accounted as and when they are cleared from the factory premises. Sales Tax / Value Added Tax is charged to the Statement of Profit and Loss.

Company has adopted method of treatment of Cenvat Credit in account as prescribed in guidance note on accounting treatment for CENVAT by ICAI. Excise Duty paid on inputs is debited to Cenvat credit receivable account, so the Purchase cost of inputs (Raw Material) is net of Excise duty. Therefore the inputs consumed (Raw Material) and the inventory of inputs (Raw Material) is valued on the basis of purchase cost net of Excise duty. The debit balance in Cenvat credit receivable account is shown on the Assets side under the head "Short Term Loans & Advances"

1.14 Foreign currency transactions and translations

Current assets and current liabilities are translated at the exchange rate prevailing on the last day of the year.

Gains or losses arising out of remittance/ translations at the year end are credited / debited to the profit and loss account for the year except in cases where they relate to acquisition of Fixed Assets, in which case they are adjusted to carrying cost of such assets

Foreign Exchange transactions are converted into Indian rupees at the prevailing rate on the date of the transaction.

Exchange differences arising on contracts are recognized in the period in which they arise and the premium paid / received is accounted as expense/ income over the period of contract.

1.15 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences, if any arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

1.16 Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid, if any, in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Current and deferred tax relating to items directly recognised in equity are recognised in equity and not in the Statement of Profit and Loss.

1.17 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

1.18 Contingent Liabilities and Provisions

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

1.19 Sundry Creditors, Sundry Debtors, Deposits, Loans & Advances recoverable in Cash or kind are subject to confirmation.

1.20 Balances in Share Allotment money, EEFC account and current account with Bank of Baroda is subject to reconciliation. It is taken on the basis of balances as per the books of the Company, as the Statement and certificates are not provided by the Bank.

1.21 None of the employees of the Company was in receipt of or entitled to receive emoluments in aggregate at a rate of ₹ 200000/- p.m. or more (P.Y. – ₹ 200000/- p.m.) (If employed for part of the year) or ₹ 2400000/- or more p.a. (P.Y. – ₹ 2400000/- or more p.a.) (If employed for full year) (Previous Year - Nil).

1.27 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The Company has identified two reportable segments viz Pharmaceutical and Metal Divisions.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

The Company is engaged in manufacturing of Tablets, Capsules, and Syrup & Injection pertaining to the product group Pharmaceuticals.
